10TH ANNUAL MEETING

CGI's 2014 annual theme, **REIMAGINING IMPACT**, will explore how members can better measure and assess the outcomes of their work and build new approaches to address complex global challenges going forward.

Throughout the year and culminating at the 10th Annual Meeting, members will rethink the way we create value and impact in the world by reflecting on existing Commitments to Action—identifying and learning from what has worked and what has not—to facilitate the development of new, forward-thinking solutions.

2014 Annual Meeting topics include:

THE SCIENCE OF SUCCESS: INVESTING IN BABIES' MINDS

How can CGI members reimagine the way we support children at the beginning stages of their lives to increase equality and opportunity?

VALUING WHAT MATTERS

How can CGI members reimagine tools for measurement—such as big data—to fully assess the economic, social, and environmental successes and challenges of the 21st century?

CONFRONTING CLIMATE CHANGE IS GOOD ECONOMICS

How can CGI members reimagine strategies and investments to cultivate a low-carbon economy?

EQUALITY FOR GIRLS AND WOMEN: 2034 INSTEAD OF 2134?

How can CGI members reimagine solutions for lifting the remaining barriers to full equality and accelerate progress for girls and women around the world?

SESSION TYPES INCLUDE:

Plenary Sessions are moderated panel discussions open to all participants and featuring cross-sector perspectives.

Breakout Sessions mobilize meeting participants through a variety of formats, such as interactive workshops and sessions filmed for broadcast.
